

Cutting Plate Cleaner II

Fast-acting formula cleans plates quickly with no residue!

Cutting Plate Cleaner II is a fast, easy way to effectively clean cutting plates and counters before installing matrix or phenolic counters.

Cutting Plate Cleaner II is a safe and easy to apply solution that cleans plates in one application. There is no need to follow-up with another cleaner. Plate Cleaner II removes oil and other contaminants and leaves behind a residue-free surface.

Wagner can supply Cutting Plate Cleaner II in 16 oz. Spray Bottles, and in 1, 5 and 55 gallon containers.

CCM Matrix Pliers

CCM Matrix Pliers are designed for cutting matrix in a 90° bevel angle, ready for quick application onto your die. These heavy-duty pliers cut matrix quickly and easily, the coated no-slip grips make cutting matrix a breeze. Locator arms locate the matrix onto the plier securely by the applicator, allowing for accurate 90° cuts every time. Brass anvil and 90° cutting blade can be easily replaced. These pliers are designed and manufactured in the USA, and are reliable and durable.

Locator arms hold matrix securely by applicator for secure cutting, 90° blade makes clean, accurate cuts. Brass anvil and 90° cutting blade are replaceable.
